PROFILE

I am an SEO Specialist and Web Developer from Banjar City, West Java, currently pursuing studies in the field of Informatics Engineering.

EMPLOYMENT HISTORY

May 2023 — May 2024	Chairperson of HIMATIKA, STMIK DCI	Tasikmalaya
	Served as the President of HIMATIKA (Association of Computer Science Students) at STMIK DCI, leading and coordinating collaborative initiatives, fostering a vibrant community, and contributing to the academic and extracurricular development within the School of Information Management and Computer at DCI.	
Mar 2022 — Present	SEO Specialist & Web Developer, Tanamanaquascape.id	Banjar
	I am entrusted with the comprehensive development of the tanamanaquascape.id website, overseeing the entire process from inception to completion. My responsibilities extend to ensuring the seamless functionality of the website's SEO, optimizing its performance for enhanced online visibility and engagement.	
Apr 2019 — Present	Blogger	Banjar
	I am an enthusiastic blogger who shares various technology-related tutorials, and I also ensure that the blog's SEO is running smoothly, leveraging my expertise to enhance online visibility and engagement.	
Mar 2019 — Aug 2019	SEO Specialist Internship, CV. Rumah Mesin	Yogyakarta
	During my internship at CV.Rumah Mesin as an SEO Specialist, I actively engaged in creating and managing impactful SEO articles, strategically developing and overseeing robust backlink structures, and efficiently performing various website maintenance activities to enhance overall online visibility and user experience.	
May 2019 — Present	Freelance Web Developer	Banjar
	Experienced Freelancer in Website Development Services, specializing in creating innovative and user-friendly websites tailored to meet diverse client needs. Proven expertise in delivering visually stunning and seamlessly functional online platforms.	

EDUCATION

Aug 2021 — Present	STMIK DCI, Bachelor's degree in Computer Science	Tasikmalaya
	S1 in Computer Science graduate from STMIK DCI, showcasing a robust foundation in information technology, programming, and advanced problem-solving skills. Proficient in leveraging technical expertise to excel in diverse web development projects as a Freelance Web Developer.	
Jul 2018 — Jul 2020	SMKN 1 Banjar, Software Engineering	Banjar
	Acquiring in-depth knowledge and practical skills in software development, I have built a solid foundation for advancing a career in the field of information technology. Crafting customized and visually stunning websites, I bring a wealth of experience and expertise to meet clients' diverse needs.
